RSNYB	RiverSpring STAR	N/A	Medicare	<b>Please see Part B vs D Adjudication process below</b>

\*Part B vs. D Adjudication Process Claims for medications designated as B vs. D by Medicare that are submitted using a Part D PCN will return a rejection code 75 – Prior Authorization Required. The rejection will include a secondary message explaining that the medication is B vs. D and instructing the pharmacist to contact MeridianRx. If it is determined that the medication can be passed through the member’s Part D benefit, MeridianRx will provide prior authorization for the claim to adjudicate.

As a convenience to pharmacies, for B vs. D medications that are determined to fall under the member’s Part B (Medical) benefit, MeridianRx may establish prior authorization and instruct the pharmacy to re-submit the claim using the Part B PCN associated with the member’s PCN (shown with asterisk in PCN list). This will allow the claim to adjudicate through the PBM without requiring the pharmacy to work through the member’s Part B plan.

Important Exceptions:

- This Part B utility is not available for PDP benefit plans
- This Part B utility is ONLY for medications designated B vs. D by Medicare. Part B medications must be processed through the member’s Part B benefit
